Environment directorate (ARTE): - Orianne PERRIER, Deputy to the General Manager ARTE. - Solene DERBOMEZ, Head of administration, management and transversal project mission. Housing and transportation directorate: - Caroline COUTERET, Head of budget service at Transports department, - Brice RAFOUGILET, Head of administration, management and transversal project mission. Secondary schools directorate: - Marc JEANNENOT, Performance deputy director, - Yohann TONDU, General and Environment studies service manager.
Topics covered	1. **Evolution of the reporting structure:** o Increase in the bond issuance amount, resulting in a higher number of project factsheets, o Reduction in the number of factsheets through a programme-based approach, o Growing investor interest in impact indicators, o 2025 reporting includes 33 factsheets, compared with 40 in 2024, despite a €200 million increase in the bond amount, o 2025 is a transition year ahead of the implementation of the new framework. 2. **Evolution of funded projects**: o Decrease in the share of green projects within the overall allocation, for the benefits of social projects, o Continuation of higher education and renewable energy projects,

	3. **Expansion of the reporting scope to all operational departments**: ○ Extension to biomedical expenditures and social inclusion activities, ○ Increase in employment support schemes included in the SRI reporting. 4. **EIB loan:** ○ Establishment of a new loan agreement with the EIB. 5. **Green Budgeting:** ○ Introduction of a news section in the environmental annex dedicated to biodiversity conservation, ○ 11% of funded projects identified as having a positive impact on biodiversity.
List of decisions	The Committee raises no reservations regarding: ○ The 2025 allocation, ○ The launch of working groups with the MAPPTs in the autumn, ○ The awareness-raising of Operational Departments on green budgeting and SRI bond-related issues. The Committee has no further comments.
